

«Enumeration»

DriversActions

-  Train integrity confirmation
-  Level NTC selected
-  OS Confirmed

This data type is extracted from the JRU document (SUBSET 027 v3.3.0). It is incomplete since it just focuses on integrity commands and EoM (just a simple case)

«Enumeration»

InformationToDriver

-  Warning
-  TractionCutoff
-  ServiceBrake
-  EmergencyBrake
-  Clear
